Present Your Training

Preparing the training presentation can be a challenge. In this folder you will find slideshow samples of a three-day (90-min/each day) training session run as bootcamp. You can use these samples to create your own training model. You will also find two templates with TAMU’s branding, which can be used to build your own slideshow.

Get Your PowerPoint Template Here

PPT Template

Once you click on the button a copy of the PowerPoint template will be automatically downloaded to your local computer. Open the PowerPoint file and customize your presentation.

Get Your Google Slides Template Here

Slides Template

The button above, once clicked, will prompt you to “Make a Copy”. Once this is done you will find your editable Google Slide Template in your Google Drive account.
